Authorization: I authorize the release of any information necessary to process my insurance benefits, otherwise payable to me. A copy of your signature at the conclusion will file your insurance and estimate payment. But, please remember, your insured	on of this document is as valid as the original. As a courtesy to you, we						

Thank you for choosing our practice for your dental care. In order to avoid any confusion or uncertainty over financial matters, we have established the following Financial Policy. These guidelines will assist you in understanding your financial responsibilities regarding payment and insurance matters. We request that you read, agree to, and sign this Financial Policy *prior* to any treatment.

PAYMENTS:

Our practice accepts Cash, Cashier's Checks, Personal Checks Debit Cards, Visa, Master Card, & Discover as methods of payment. For your convenience, we offer other financing options including but not limited to Care Credit. For additional information, please inquire at the front desk.

INSURANCE:

Insurance carriers provide different levels of benefits for different types of dental procedures. Insurance does *not* cover cosmetic procedures. Your insurance policy is a contract between you and your insurance company. We are not a party to that contract. Professional services are rendered and charged to you. As a service to you, our practice will submit insurance claim forms to your carrier for covered services and make every effort to secure payment from them. If applicable, you must sign insurance benefit payments to our practice. You must understand, however, that you are ultimately responsible for your account whether your insurance carrier pays or not.

Additionally, our office is considered "in-network" by some plans and "out-of-network" by others. This may ultimately affect the amount you will have pay out-of-pocket for services received in this office. If you have any questions about deductibles, coinsurances, or benefit levels, please contact your insurance provider directly. If you have any questions about which insurance plans our office participates with, please ask our front desk receptionist(s).

Due to the difficulty of working with dental insurance carriers, many dental offices do not accept insurance consignment. Without insurance consignment, the patient pays for services rendered in full and the patient files their own insurances claims. As a courtesy to you, our office will submit fees to your insurance company for office visits. In order to clarify your out-of-pocket expense, our office can also perform pre-treatment estimates with your insurance company. Please understand that insurance companies use reasonable and customary (UCR) accrues which may or may not coincide with our fees. You will be responsible for your part of the out-of-pocket expense and any amount over reasonable and customary. If your insurance carrier has not paid your account within 60 days, the balance becomes *your* responsibility.

MISSED APPOINTMENTS:

Once an appointment has been made, that time is reserved **specifically** for you. We reserve the right to charge a fee for all canceled or missed appointment(s) without 24-hours notice.
